

Welcome to Golf Camp 2021!

The guidelines and policies outlined below have been put in place to allow for your child to have a safe and enjoyable experience at Piper's Heath Golf Camp. Please read through this document thoroughly. We can't wait for your child to join us at the golf course this year to learn new golf skills.

Camp Operations

Your child will be placed into one cohort with a maximum of (10) campers per cohort and (1) coach. Your child will remain with this cohort throughout the duration of the week, as there will be no mixing of cohorts or coaches. Campers will be encouraged to wear a mask when physical distancing isn't possible. When in their small group or moving from station to station they're recommended to wear their mask. While close contact may be unavoidable during instructional time, physical distancing and general infection prevention and control practices will be in place. Campers may remove their mask when performing golf activities or at lunch. Alcohol-based hand sanitizer will be available at the check-in table, back driving range and lunch area.

Campers will be required to bring their own set of golf clubs, golf balls for putting, golf tees and **Hula Hoop**. The hula hoop will be used to give the campers awareness of the physical distancing measures that need to be met. Campers must bring their own sunscreen, as sharing of sunscreen will not be permitted.

Campers will **not** be allowed at camp for that day if they do not have the following personal items:

- 1) Golf Clubs
- 2) Golf Balls
- 3) Golf Tees

Please ensure all personal items have the campers name clearly printed on the items.

Health Screening Check

All individuals, including camp participants, parents/guardians, staff and visitors must be screened including daily temperature checks at home prior to arrival to the golf course. Parents are responsible for filling in the [Morning Check-In Google Form \(click here\)](#) for their child. Entry will be denied to any individual who has any of the symptoms outlined in the [COVID-19 Reference Document for Symptoms](#) on the Ministry of Health's COVID-19 [website](#) or who has come in close contact with a person with symptoms of or confirmed COVID-19 in the past 14 days. If your child becomes ill or presents COVID-19 symptoms, you will be notified and required to pick up the camper immediately.

Program Outline and Noteables

To minimize large gatherings and to maintain physical distancing, program drop off, pick up and lunch will be staggered. It is imperative that the parent/guardian adheres to the specified drop off and pick up time slot. You will be informed of your child's cohort in a separate email.
